

PSW 400 - Pre Start Warning

The PSW400 system is designed to work in conjunction with the Bramco Integrated Conveyor Management System (ICMS)

It provides audible and visual alarms for conveyor prestart warning, in compliance with AS1755.

Features

- Dual high-intensity LED flashers for visual alarm
- Dual 106dB piezoelectric sounders for effective audible alarm
- Provides feedback to ICMS of prestart warning success or failure, in accordance with AS1755
- Battery powered from either 12V NiMH or Bramco-proprietary capacitive array batteries
- Isolated control terminals allow the system to be powered from either the ICMS Brambus or an auxiliary 24-48VDC supply
- Designed to operate with a Bramco PSW2 Pre Start Warning Relay A00722B
- Easy installation for existing (retrofit) or new installations
- Interfaces to ICMS prestart warning bugs A00403 and A00980.

Specifications

- 2 x 106dB piezoelectric sirens
- 2 x 3W high-intensity LED flashers.
- 24-48VDC power input
- 12V battery
